I. E-learning Platform: An Overview

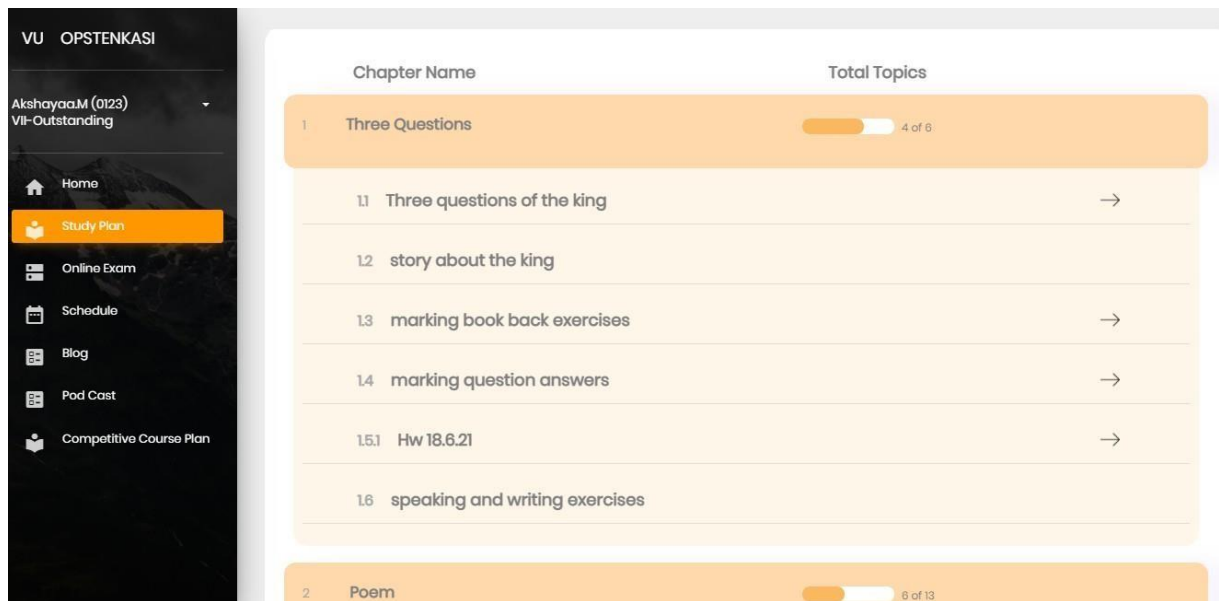

E-learning

The COVID-19 lockdown did not stop our children from learning. We incorporated a carefully devised student-friendly “Learn from Home” system through our well developed and highly equipped E-learning Platform. Our E-learning Platform ensures a balanced curriculum with the ease of learning from home. The regular worksheets, activities and assessments keep our students engaged and provides optimal learning outcome.

What sets our E-learning apart?

In our E-learning platform students can see their complete lesson plan in a Chapter-wise manner and the schedule for the upcoming classes. Our students attend timed worksheet after every online class. Instant scores for the worksheets are displayed where our students can review the digitally corrected answers. This helps the students to be more attentive during the online classes and understand the concepts clearly.

Spirited debates, Individual & group presentations are conducted every week to increase the student participation during the online class hours.

All examinations conducted through our E-learning Platform are precisely timed. The platform is a fool-proof one which is carefully implemented to avoid any sort of malpractice. The exams can be accessed by a mobile phone or computer.

Online summer camp was conducted through our E-learning Platform in the month of May 2021. Our students explored several activities in the Fireflies' fairy Camp, Rainbow Kids Camp, Leisure & Learn Fun Camp and Victory Junction Camp.

Weekly Exercise and Yoga videos are sent to our students to improve the physical and mental health during the lockdown. Assessment for the same is also given equal importance.

Several Online Competitions such as quiz, drawing, extempore, blog writing, elocution, poetry etc. are conducted online and E-Certificates are given to our students.

To ensure the safety of our students and parents in the cyber world, frequent webinars and podcasts on Cyber Security awareness are conducted. Apart from this we have a specially trained Technical Team to instantly guide our parents and students with the E-learning.
